

# I Know

## Zeus

If I wasn't the same as I was  
On that day when I finally said  
What I wanted to say all those years  
I have so many favours 'round here

If I remembered that day that we dreamt  
Would I still wanna know what it meant?  
In the eyes of the hungry we lend  
From eating too much

And I know, yeah I know  
How it feels, how it feels  
And I know, now I know  
How it feels  
And I know, yeah I know  
How it feels, how it feels  
And I know, yeah I know  
How it feels

Oooo-oo  
Oooo-oo  
Oooo-oo  
Oooo-oooo-oo

Do we still have the ticket to go  
As far as we're needing to go?  
Will they let us get off in between?  
Are you struggling to know what I mean?

If I remembered that day that we dreamt  
Would I still wanna know what it meant?  
In the eyes of the hungry we lend  
From feeding too much

And I know, yeah I know  
How it feels, how it feels  
And I know, now I know  
How it feels  
And I know, now I know  
How it feels, how it feels

And I know, yeah I know  
How it feels

(Many Ooos, Ohhs and Ahhs)
