## Dynamite Boy

when you were away  
i did some thinking about us  
i had some feelings of mistrust  
i felt so free  
when you were away  
when you were away  
i did nothing but sit around  
you won't believe what i just found  
inside of me  
when you were away  
and i know that i am strong  
and i know you've done me wrong  
so don't pretend that you're naive and just stay away
