

# Apology

## Chuck Prophet

Everybody wants an apology  
Me from you, and you from me  
The accursed from the blessed  
The Great Northeast from the Old Southwest  
Everybody wants an apology  
Everybody wants an apology  
CBS from the MTV  
But it always takes too long  
And it always comes out all wrong  
I don't even want your apology  
Someday soon the Vatican is gonna call  
One day even the warden's going over the wall  
The shoulder from the road  
The Cancer from the Scorpio  
Someday soon the Vatican is gonna call  
How can I swallow every little thing she says  
She don't even know Elvis from El Vez  
If the King was here today  
You know he'd make that sucker pay  
She don't even know Elvis from El Vez  
Everybody wants an apology  
Me from you, me from you and you from me  
Tell me what good would it do  
If I got down on my knees just for you  
Everybody wants an apology
