

King and Country

Television Personalities

Do you always clean your medals on a wet weekend?
And polish all your military ornaments?
I bet you tell romantic stories about the war
You never explained what it's all for It's hard for me to understand
The fascination of a gun for a man
Still you tell romantic stories about the war
You never explained what it's all for Do you wake up screaming in the middle of the night
When your mind recalls the firing line?
Still you tell romantic stories about the war
You never explained what it's all for King and Country
