

# Song for a Friend (Live from Montalvo)

Jason Mraz

Well you're magic he said  
But don't let it all go to your head  
Cuz I bet if you all had it all figured out  
Then you'd never get out of bed  
No doubt  
Of all the thing's that I've read what he wrote me  
Is now sounding like the man I was hoping  
To be  
I Keep on keeping it real  
Cause it keeps getting easier, he'll see  
He's the reason that I'm laughing  
Even if there's no one else  
He said, you've got to love yourself You say, you shouldn't mumble when you speak  
But keep your tongue up in your cheek  
And if you stumble onto something better remember that it's humble that you seek  
You got all the skill you need,  
Individuality  
You got something  
You call it gumption  
You call it anything you want  
Because when you play the fool now  
You're only fooling everyone else  
You're learning to love yourself Yes you are There's no price to pay  
When you give and what you take,  
That's why it's easy to thank you  
You...Let's say take a break from the day  
And get back to the old garage  
Because life's too short anyway  
But at least it's better than average  
As long as you got me  
And I got you  
You know we'll got a lot to go around  
I'll be your friend  
Your other brother  
Another love to come and comfort you  
And I'll keep reminding  
If it's the only thing I ever do  
I will always love  
I will always love you

Yes you  
I will always, always, always, always love  
I will always, always love  
I will always, always love, loveClimb up over the top.  
Survey the state of the soul.  
You've got to find out for yourself whether or not you're truly trying.  
Why not give it a shot?  
Shake it. Take control and inevitably wind up  
Find out for yourself all the strengths you have inside of you.
