

Rose

Red Sun Rising

To have you here another day
I would trade the world
To hear you say you understand
Takes the better part of me
To walk away
Closing doors behind me
The enemy is time
And this is letting go All we are, are ghosts
Caught in the paradigm
Walking heel to toe
On the line we call a life
'Cause that's where you'll find me
Time erasing time
You're not alone
Today
If I could find a remedy
In patient evenflow
Losing you was not the plan
And this is letting go
Another rose is laying here beside me
The enemy is time
And this is letting go All we are, are ghosts
Caught in the paradigm
Walking heel to toe
On the line we call a life
'Cause that's where you'll find me
Time erasing time
You're not alone
Today
Today
You're not alone
You're not alone
But this is letting go All we are, are ghosts
Caught in the paradigm
Walking heel to toe
On the line we call a life
'Cause that's where you'll find me
Time erasing time
You're not alone

Today

Today

You're not alone
