Hope

Thirsty Merc

Torn, broke,
You wanted to be more.
If there's a time you felt like drinking
I bet it is nowAnd, then,
a moment in time comes
Events and actions move to shape us
Make a decisionHope
Never lose what you see
All that is meant to be
You will find is more with
Hope
The moment is past it's gone
But you know
It will never be the sameTired, gaunt,
you struggle all over the joint
Decide the grass is always greener
But all I knowSome, times, reality breaks down
Conversations in your head
Are taking the place ofHope
Never lose what you see
All that is meant to be
You will find is more with
Hope
The moment is past, it's gone
But you know
It will never be the sameDo you feel alone now?
Do you think tomorrow won't be good?
You think that sometime, somehow
with the acid eyes that burn right through.Hope
Never lose what you see
All that is meant to be
You will find is more with
Hope
The moment is past it's gone
But you know
It will never be the same
