

What Ya Got On Tonight

Kip Moore

This pretty little red head
With the cowboy boots
Dancin' to the beat of an old guitar
Lookin' at me baby like she wants to
A southern belle in a red dress
She's got her hair pulled back
And I admit that she's lookin' pretty good
But nothin' like you
When you wear it like that
I miss you baby
It's drivin' me crazy
All I think about lately
Is, girl I gotta have it
You're makin' me imagine
What ya got on tonight
Show me what I'm missin'
Girl I need a picture
Of what ya got on tonight, tonight, tonight, tonight, yeah
Sexy little red dress, your rock 'n roll tank top
Nothin' but a t-shirt 'cause it's bed time
Hot pink knee high arcyle socks
I bet you're wearin' that ball cap
Top Gun Ray Ban
Lookin' like a star from the 1980's
Tell me honey, how did I become your man
I miss you baby
It's drivin' me crazy
All I think about lately
Is, girl I gotta have it
You're makin' me imagine
What ya got on tonight
Show me what I'm missin'
Girl I need a picture
Of what ya got on tonight, tonight, tonight, tonight
I miss you baby
It's drivin' me crazy
All I think about lately
Is, girl I gotta have it
You're makin' me imagine
What ya got on tonight
Show me what I'm missin'
Girl I need a picture
Of what ya got on tonight, tonight, tonight, tonight
What ya got on tonight
What ya got on tonight

What ya got on tonight
