

Dirty Woman

Howlies

I need you woman to show me the way
I need you lady to love me everyday
I spend my money on this sleazy game we play
'Cause I want your dirty tricks all the way
Every time I leave your candy store
I just know for sure I'll be back for more
Dirty woman come on show me the way
Dirty woman I just need you to play
And you can show me what no woman dare
No obligations to show I care
Is when you take me into your bed
You wake those dirty thoughts inside my head
When you lead me through your open door
Into your candy store I just cry for more
Dirty woman come on show me the way

Dirty woman I just need you to play
Dirty woman come on show me the way
Dirty woman I just need you to play
Long legs, whole lot of sex
Sweet lies from innocent lies
Wild, tame drives me insane
Hey babe, I don't know your name
Dirty woman come on show me the way
Dirty woman I just need you to play
Dirty woman come on show me the way
Dirty woman I just need you to play
Dirty woman come on show me the way
Dirty woman I just need you to play
Dirty woman come on show me the way
Dirty woman
