Home Again

Estrich Boy

Written by C Dennis / S. Ellis
You say go with your heart, that's where the water flows, Free and easy
You say follow your dream, wherever it goes, Wherever it leads me
Met a lot of friends, along the way, in my life
But you know it just won't be the same
Chorus
Baby till I'm home again,
That's where my heart is
Where every road leads me to
Baby till I'm home again, though we're apart
I know that, someday my dreams
Will carry me back to you
You say remember the past, but keep moving on
But these days I'm not sure where I'm going
Now that you're gone
All the big emotions pass me by, here and now
And I won't pretend and I won't lie
Chorus
Baby till I'm home again,

That's where my heart is
Where every road leads me to
Baby till I'm home again, though we're apart
I know that, someday my dreams
Will carry me back to you
Home, when my !ove is waiting,
Home, when the dawn is breaking
Home, well take me where I wanna be
Back in your arms I need you closer to me
Chorus
Baby take me home again , home
That's where my heart is
Where every road leads me to
Baby take me home again
Though we're apart I know that someday
My dreams will carry me back
Will carry me home to you
Someday I know we'll be together again
Will carry me home to you
