Waste My Life for You

Street To Nowhere

I'd like to see you crack crackin' up in my front seat
Leaning over the emergency brake on me.
I'd like to see you shake shakin' by the bathroom door
Drunk as fuck, throwing up on the kitchen floor
well,
You got this big hole in your life
I'd like to think its just about my size
I know you'll take me, just take your time
If I wait up for you, I waste my life for you
and I do
I tried to be a vegan, tried to love the cure
your friend said you're lesbian but I'm not so sure
I think I go a little rushed
I think I think I think I think I think I think too much
well,
I got you covered if you wanna sleep
I got the Kleenex every time you sneeze
you say you want it, I'll say yes please
If I wait up for you, I waste my life for you
and I do
What's the use in saying fuck you
What's the use in saying fuck you
If I say Fuck You, I'll never Fuck You
so what's the use?
AHHHHHH!!!!
If I wait up for you, I waste my life for you
and I do
