Komodo

Deradoorian

From the twilight
Dawn will rise
On the jaw
On the thigh
Silenced by the fear
Of what is trying to
Disguise
Coldest blood
Without a thought
You wait for us to
DieKomodo coming through
Run for your lives
Run for the hills
Don't close your eyes
Poisoned and dying
Stalking your line
Oh
Drone
Between the grass
The blades are rough
Your metal skin
Protects your hunt
Death is in your clutch
All the while
Quiet
Hidden from them
Smooth
The breeze is cool
The shaking leaves
Keep rattling
To prove you are
Nothing more than we
Are
Killing
Only
Yourself
Komodo coming through
Run for your lives
Run for the hills

Don't close your eyes
Poisoned and dying
Stalking your line
OhKomodo coming through
Run for your lives
Run for the hills
Don't close your eyes
Poisoned and dying
Stalking your line
Oh
