

# Where Do You Go

## Sister Hazel

Rope a ring around it  
I can't think about it  
I can barely start to even wrap my head around it  
Water's rising 'round us  
Sinking ships surround us  
I can't believe she even found a way inside to drown us

I'm not so sure anymore what's next  
Or if there's anything left for us  
What will we find inside of the wreck  
Yeah, we both know  
It's all just washed away

Where do you go, an What do you do  
When all you have left is hangin' on you  
Where do you go and what do you do  
When you lose everything  
You ever knew

Shine a light into it  
Shoot a cannon through it  
Spill it all and hope you find a way to make it through it  
Cause down is up, and up is down  
And love lies dieing on the ground  
You find a line that's in the sand and  
Figure out who drew it

I'm not quiet sure anymore what's next  
Or if there's anything left for us  
What will we find inside of the wreck  
Yeah, we both know  
It's all just washed away

Where do you go, What do you do  
When all you have left is hangin' on you  
Where do you go, and what do you do  
When you lose everything

Rope a ring around it  
And I can't think about it

I can barely start to wrap my head around it  
Cause down is up, and up is down  
And love lies dieing on the ground  
You find a line that's in the sand and  
Figure out who drew it

Where do you go, an What do you do  
When all you have left is hangin' on you  
Where do you go, and what do you do  
When you lose everything  
You ever knew

Where do you go, an What do you do  
When all you have been taken from you  
Where do you go, what do you do  
When you lose everything
