Q&A

Kixnare

Question baby let me know, how did it come to this
Something isn't right, can you tell me what it is
I just need to know now, what am I to you
'Cause you don't let it show anymore, anymore than I do

Just give me an answer, don't tell me a lie
Baby let me know now, look me in the eye
I wish you'd say it's alright, and that it was true
But right now an answer, is all I need from you

We need some Q & A
Q & A
Q & A
That's what we need to do, and A
Q & A
Q & A

I got a question baby tell me now if I can talk to you
If you don't give me something what am I supposed to do
I'm tired of guessing by the things you won't say
Now you need to show it if you want me

Just give me an answer, don't tell me a lie
Baby let me know now, look me in the eye
I wish you'd say it's alright, and that it was true
But right now an answer, is all I need from you

We need some Q & A
Q & A
Q & A
That's what we need to do, and A
Q & A
Q & A

Don't tell me a lie
Baby let me know now, look me in the eye
Don't tell me a lie
Just let me know now

Just give me an answer, don't tell me a lie

Baby let me know now, look me in the eye
I wish you'd say it's alright, and that it was true
But right now an answer, is all I need from you

Just give me an answer, don't tell me a lie
Baby let me know now, look me in the eye
I wish you'd say it's alright, and that it was true
But right now an answer, is all I need from you

All I need from you
It's all I need from you
All I need from you
It's all I need from you
