Love Slayer

Joe Jonas

Love slayer, love slayer
I came to do my dance. I came to touch the town.
I came to lift my hands. I came to shut this thing down.
I came to do my dance. I came to touch the town.
I came to lift my hands. I came to shut this thing down.
Love slayer, causing nothing but trouble babe and I want more of it.
Love slayer, causing nothing but trouble babe and I think I love it
Straight up ?
If you aint heard about love, she's a stone cold dream stealer
Love slayer, it's likely I'll be on my worse behavior, ahhh
She'll love you up all night but imma need to stay up.
I'm just teasing!
I came to do my dance. I came to touch the town.
I came to lift my hands. I came to shut this thing down.
Love slayer, causing nothing but trouble babe and I want more of it.
Love slayer, causing nothing but trouble babe and I think I love it.
??uh huh, better beware of danger.
Ahhhh

You like livin' on the wild side, cause she's no stranger?
Love slayer, most likely I'll be on my worst behavior.
Ohhh
She'll love you up all night but imma need to stay up
I came to do my dance. I came to touch the town.
I came to lift my hands. I came to shut this thing down.
Love slayer, causing nothing but trouble babe and I want more of it.
Love slayer, causing nothing but trouble babe and I think I love it.
And all of my friends, they tried to warn me.
They told me she would harm (hunt?) me
But I gotta be, yeah I gotta be, gotta be the life of the party?
Told my friends that she won't hurt me, it's in control don't worry
She's known to be, yeah she's known to be, she's known to be a
Love slayer, causing nothing but trouble babe and I want more of it.
Love slayer, causing nothing but trouble babe
Love slayer, love slayer
I came to do my dance, I'm 'bout to touch the town
I came to lift my hands. I came to shut this thing down.
