

Decisions, Decisions

The Starting Line

I can't wait for this to end
And leave tonight behind us
I'm unsettled letting go of you
And sleeping the night in silence

And this laptop falls along with me
Onto my bed while rolling over
Break my heart and break my fall
Don't kiss him and color all
Memories you had of me

The last time I saw you
You were standing by his side
The last time you saw me
Seated close as I waited by the phone

He loves you
Who loves you more?
To let you go

He loves you
Who loves you more?
To let you go

I can wait until my heart mends
So I can finally go outside
And I tell myself, look Ken
It's better to lost love
Then paint a smile and pretend

The last time I saw you
You were standing by his side
The last time you saw me
Seated close as I waited by the phone

He loves you
Who loves you more?
To let you go

He loves you

Who loves you more?

To let you go

The last time I saw you

You were standing by his side

The last time you saw me

Was in a crumpled photograph that missed the bed

He loves you

Who loves you more?

To let you go

He loves you

Who loves you more?

To let you go
