Please

Toni Braxton

I know you watch, all over here Tryna find a way to come into my situation But you should know this It's all good so be cool Tell your girl I don't care to fight I got him locked and he's all mine So you should know better than To think that you could ever put it down like I can If he needs good lovin'

(I got it)

If I need to heat it up

(I got fire)

Make sure I'm the best for

(For him, sure)

He's running home to me for it

And he knows what ever he wants

(That I'm with it)

And he knows the perfect place

(To come get it)

And he knows that every woman's in me

Fall back and just let me be

I gots to breath please, back up off of me

(Uh oh, uh oh, uh oh)

I gots to breathe and just be

Breathe, please, in case y'all didn't hear me, yeah yeah

I gots to breathe so let me breathe, please

You're in violation, let me help you understand

Before we have a problem, I could take it there

When it comes to my man

Please don't let me solve 'em

Everyday is a holiday

Everyday's our anniversary

You should think about the time you waste

'Cause my last name ain't gon' change

If he needs good lovin'

(I got it)

If I need to heat it up

(I got fire)

Make sure I'm the best for

(For him, sure)
He's running home to me for it
And he knows what ever he wants
(That I'm with it)
And he knows the perfect place
(To come get it)
And he knows that every woman's in me
Fall back and just let me be
I gots to breath please, back up off of me
(Uh oh, uh oh, uh oh)
I gots to breathe and just be
Breathe, please, in case y'all didn't hear me, yeah yeah
I gots to breathe so let me breathe, please
