

I Used to Be a Sailor

Tracy Chapman

I used to be a sailor
Who sailed across the seas
But now I'm just an island
Since they took my boat away from me
Oh no

I don't like being stationary
I like the rocky wavy motions of the sea
I sit and rot behind these padded walls
Hoping one day they'll fall
And set me freeHe wrote his epitaph
He wrote his eulogy

It said 'I think that I can die now
For my true love won't come for me'
Oh noI don't like being stationary
I like the rocky wavy motions of the sea
I sit and rot behind these padded walls
Hoping one day they'll fall
And set me freeI used to be a sailor

Who sailed across the seas
But now I'm just an island
Since they took my boat away from me
Oh noI don't like being stationary
I like the rocky wavy motions of the sea
I sit and rot behind these padded walls
Hoping one day they'll fall
And set me freeSet me free
Set me free
Set me free
