

# Not Your Birthday

## Allstar Weekend

Every clock is tickin' faster  
Takin' trips around the sun  
Another year, another chapter  
5 and 4 and 3 and 2 and 1

Drop your calls, lose your keys  
Before the drinks are gone  
Get yourself out your seat  
Oh, oh

Quit your bitchin' move your feet  
Until the break of dawn

Because nobody gives a damn about the day that you were born

This song is for everyone who it ain't your birthday  
You gotta party like it's not, party like it's not  
This songs for anyone who's havin' the worst day  
You gotta party like it's not, party like it's not  
(Oh whoa)

Party like it's not, party like it's not  
Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
(Oh whoa)

Party like it's not, party like it's not  
Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
(Oh whoa)

Take a sip in of the high life  
Chase it down until ya fall  
Three hundred and sixty five nights  
Why just one if we can have 'em all?

Drop your calls, Lose your keys  
Before the drinks are gone  
Get yourself out your seat  
Oh, oh

Clap your hands, Move Your Feet  
Until the break of dawn

Because nobody gives a damn about the day that you were born

This song is for everyone who it ain't your birthday

You gotta party like it's not, party like it's not  
This songs for anyone who's havin' the worst day  
You gotta party like it's not, party like it's not  
(Oh whoa)

Party like it's not, party like it's not  
Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
(Oh whoa)

Party like it's not, party like it's not  
Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
(Oh whoa)

Okay Let's Lose Control  
I wanna see Everybody on the floor  
Go and send your invitations  
Do it now cause time is wasten  
Life is tough so fill them cups  
One life to Live I'ma live it up  
Drinks go up, Drink 'Em Down  
Turn it up wake up the town  
(oh whoa)

Okay Check it out heres the plane  
We Gonna dance till we cannot stand  
Move your feet to every beat  
Bump that, Bring it back, Put it on repeat  
We gonna party till the break of dawn  
Don't even know how im getting home  
But it's alright it's okay  
It's not even my BIRTHDAY

Party like it's not, party like it's not  
Party like it's not, party like it's not  
Like It's Not Your Birthday  
Party like it's not, party like it's not  
(Oh Whoa)  
Party like it's not, party like it's not

This song is for everyone who it ain't your birthday  
You gotta party like it's not, party like it's not  
This songs for anyone who's havin' the worst day  
You gotta party like it's not, party like it's not  
(Oh whoa)  
Party like it's not, party like it's not

Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
Like it's NOT YOUR BIRTHDAY  
Party like it's not, party like it's not  
(Oh Whoa)
