Think Of You

Amerie

I can't stop thinking about what we once had together
I know the reason is that our love was meant forever
But now my life is shared with someone other than you
But life is worthless if right beside me there is no you
Everyday, alone I think of you
(I think of you)
You're not my man
(I'm with somebody else)
All I want to know is can I be
(All I want, can I be)
With you tonight
(Because baby)
I've never stopped loving your kissing and hugging
I still think of us when I'm all alone
It's hard for me to forget wishing you're the one
That I'm with, now I'm so full of regrets
What do I do when I think of you?
Do you remember the day when you first said I love you?
I can remember 'cause through me
All my dreams had come true
Now, I don't know why I'm with him
When love just ain't true
But now I do know why I'm always
Wishing that it was you
Everyday alone I think of you
(Think of you)
You're not my man
(You, I'm with somebody else)
All I want to know is can I be with you tonight?
(Can I be, because, baby)
I've never stopped loving your kissing and hugging
(Your kissing and hugging)
I still think of us when I'm all alone
(I still, I still do)
It's hard for me to forget
(Hard for me)
Wishing you're the one
(Wishing you're the one)
That I'm with, now, I'm so full of regrets

(So what do)
What do I do when I think of you?
(What do I do?)
(Hoping, hoping, praying)
You understand how I love you
(I'm trying, trying, waiting)
To tell you how much I need you
(Boy, I know, I know, I)
Never said enough I love you
(But now I know my heart)
Will never love no one but you, baby
I've never stopped loving
(I've never stopped loving)
Your kissing and hugging
(Your kissing and your hugging)
I still think of us when I'm all alone
(I still think of you)
It's hard for me to forget
Wishing you're the one that I'm with
Now, I'm so full of regrets
What do I do when I think of you?
(What do I do when)
I've never stopped loving
(Stopped loving)
Your kissing and hugging
(Your kiss, your hug)
I still think of us when I'm all alone
It's hard for me to forget
Wishing your the one that I'm with
Now, I'm so full of regrets
What do I do when I think of you?
(What do I do?)
I've never stopped loving your kissing and hugging
I still think of us when I'm all alone
It's hard for me to forget
Wishing your the one that I'm with
Now, I'm so full of regrets
What do I do when I think of you?
