Outside Villanova (Album Version)

Eric Hutchinson

And now I'm trying to decide if I feel dirty at all
Cause it gets hard to tell
It's never just black and white she's got a mind of her own
And she uses it wellSo she invites me over outside villanova
She's got some pull-out sofa that we won't hardly need
She is only drinking soda revving up that motor
Got places we could go to but I still won't believeThat she's only gifted
When I'm standing by her side
She goes unassisted
And I start to relax as I cut her some slack[Chorus]
So get up I gotta go to work
Facing all these people who now know I'm a jerk
And it's a set-up I gotta change my clothes
Concealing all this evidence before everybody knows
What I've done and what I'm gonna do ?againAnd in the middle of the night I have a breakdown of sorts
With regret creeping in
She's gonna put up a fight and she will get her way
Cause she loves sleeping inSo I need someone to side with when she begins confiding
And I cannot provide it cause I'm endlessly cold
She says she's so excited to play some groom and bride
With me but I'm undecided so I need to be toldThat she's only sinking
When I'm sleeping by her side
With a change of thinking
I could pull us away even just for a day[Chorus]She grows impatient to change my tune
She's geting older and legal soon
And I wasn't ready to start out and go upsetting
Some girl that I'd be forgetting
By the time the cops came by that afternoon
And I try to decide as she pulls me aside[Chorus]
