

Love

Sara Groves

love
i made it mine
i made it small
i made it blind
i followed heart
only to find
it wasn't love
it wasn't love
of songs in pen
oh love of movie endings
takes out the break
leaves out the bend
and misses love not of you
love not of me
come hold us up
come set us free
not as we know it
but as it can be love's reality
is not of passing bravery
it holds out hope
beyond what's seen
the hope of love
