

# Satellites

## Sleeping with Sirens

The flame  
The friction  
It's the reason that we all become aware  
And we change  
For no reason  
Some say it's better to fall asleep and disappear  
It's time we finally look at what we've done  
And wake up  
So here we are  
We're waiting for a fall  
And on the radio they're calling on satellites  
Like they're going to save us all  
So here we are  
I guess I'm praying after all  
We're calling all, calling all satellites  
This is a wake up call  
A call for freedom  
Is that the reason that we are alive?  
And we waste, we waste our lives on the wasted  
Until there's nothing for us left to justify  
Oh, I don't get it  
So here we are  
We're waiting for a fall  
And on the radio they're calling on satellites  
Like they're going to save us all  
So here we are  
I guess I'm praying after all  
We're calling all, calling all satellites  
This is a wake up call  
Change  
No reason  
Some say it's better to fall asleep and disappear  
It's time we finally open up our eyes  
4... 3...2...  
Here we are  
We're waiting for a fall  
And on the radio they're calling on satellites  
Like they're going to save us all  
So here we are  
I guess I'm praying after all  
We're calling all, calling all satellites  
This is a wake up call
