Possibilities

Teddy Geiger

I'm walking on clouds now
And the sky is falling all down
Well, I don't wanna wake up if I'm dreamin'
Don't think I'll ever get out of my bedIt's like every moment brings a surprise
But my eyes won't open
I feel something's different
I'm growing out of my skinGoodbye my fears
I feel that we have parted
The possibilities keep walking in on meAnd it feels so strange
I guess that's change, it's alright
The possibilities keep walking in on me
Oh yeah, oh yeahI always said that I needed a girl
One to hold and who I'd give the world
Well that's alright
But it's so hard to decide, yeahSometimes I find pictures
Of me left behind
Things in life happen twice
The first is in my mindGoodbye my fears
I feel that we have parted
The possibilities keep walking in on meIt feels so strange
But I guess that's change, it's alright
The possibilities keep walking in on me
Yeah, yeah, ohSometimes I can't
Sometimes I can't
Sometimes I can't
See what's right in front of my eyesSometimes I can't
Sometimes I can't
Sometimes I can't
Believe that I believeGoodbye my fears
I feel that we have parted
These possibilities, yeahIt feels so strange
It feels so strange
But it's alrightGoodbye my fears
I feel that we have parted
The possibilities keep walking in on meIt feels so strange
But I guess that's change, it's alright
These possibilities keep walking in on meGoodbye my fears
(Goodbye my fears, yeah)
Goodbye my fears

(Goodbye my fears, oh)Goodbye my fears
(I'm not afraid)
It's alright, anything is possible, yeah
