

# Ooh Love

## Charlotte Sometimes

Hello, are you thinking about me?  
Thinking about you  
How long do you dream about me?  
Dreaming about you when you sleep  
If all you see is a lost inside of me  
When my hair brushes my shoulders  
When I cry, be that tissue  
Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love  
No stay, seeing it all through  
Needed to be you  
Stay here, being so lonely  
Falling if only  
When my hair brushed my shoulder  
When I cry, be that tissue  
Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love  
Ooh, my weight keeps lifting  
The ground beneath me shook  
And I am wishing you to me  
Come on baby, let me see you  
When my hair brushed my shoulder  
When I cry be that tissue  
Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love, love, love, love
