

# Be Alright

## Ariana Grande

Midnight shadows  
When finding love is a battle  
But daylight (is so close)  
So don't you worry 'bout a thing! We're gonna be alright  
We're gonna be alright  
We're gonna be alright Baby don't you know  
All them tears gon' come and go  
Baby you just gotta make up your mind  
Cause every little thing is gonna be alright  
Baby don't you know  
That all them tears gon' come and go  
Baby you just gotta make up your mind  
We decided We're gonna be alright  
We're gonna be alright  
We're gonna be alright Babe we're in slow motion  
Can't seem to get where we're going  
But the high times are golden  
'Cause they all lead to better days We're gonna be alright  
We're gonna be alright  
We're gonna be alright Baby don't you know  
All them tears gon' come and go  
Baby you just gotta make up your mind  
Cause every little thing is gonna be alright  
Baby don't you know  
That all them tears gon' come and go  
Baby you just gotta make up your mind  
We decided We're gonna be alright  
We're gonna be, gon' be alright  
We're gonna be, gon' be alright  
We're gonna be, gon' be alright  
We're gonna be alright  
We're gonna be alright We'll be alright, yeah
