What's In My Head

Slapshot

I see you smile and I can't say a thing
Could we be friends but you don't call me
Might see you out somewhere but it's like I'm not there
I said I'd never do this againIt's in my heart and in my head
Sometimes I wish that I was dead
It's in my heart and in my headIt's in my heart and in my head
Sometimes I wish that I was dead
It's in my heart and in my headI just can't do this anymore
But you wouldn't stop till you evened the score
Dragged down, and laid to waste
So much hurt but here I waitIt's in my heart and in my head
Sometimes I wish that I was dead
It's in my heart and in my headIt's in my heart and in my head
Sometimes I wish that I was dead
It's in my heart and in my headThere you are 3000 miles away
I only hope, I'll be there someday
Do you think you can wait for me?
Now I come back to realityIt's in my heart and in my head
It's in my heart and in my head
It's in my heart and in my head
It's in my head
