Mambo Mambo

Lou Bega

I dance the rumba the salsa the cha cha
the limbo the foxtrott and even the tango
with ladies and girlies with mummies and babies
and Djs gone play this cause its on their playlist
and on my journey through all of these dances
I found a lot of hot sax romances
but Mambo seeked me and Mambo freaked me
than she realesed me and this is how we goMambo Mambo eh eh
the babes are all around me
Mambo Mambo eh eh
dancin all night long
Mambo Mambo eh eh
the babes are all around me
Mambo Mambo eh eh
to the break of dawn...Mambo Mambo eh eh
the babes are all around me
Mambo Mambo eh eh
dancin all night long
Mambo Mambo eh eh
the babes are all around me
Mambo Mambo eh eh
thank you for this dance(repeat the 1st verse)
