

Beats 4 Da Streets (Intro)

Aaliyah

Aaliyah, Aaliyah
Wake up
You've just now entered into the next level
The new world of funk
As we do it one time Creeping through the fog, who dat y'all
(A A L I Y A H)
Creeping through the fog, who dat y'all
(A A L I Y A H) I've got the beats for da streets
(A A L I Y A H)
Everything I make is so unique, hey
(A A L I Y A H) Say hey, if you down with me
(Hey, L I Y A H)
If you step to me there's no need
(A A L I Y A H) Creeping through the fog, who dat y'all
Damn, she be the bomb, damn
(Say what?)
Creeping through the fog, who dat y'all
Dang, damn, she be da bomb Wake up
Goodnight
