

Covered In Rain

[John Mayer](#)

In these days with the world gettin' colder
She spends more time sleeping over
Than I planned Tonight we're gonna order in
Drinkin' wine and watchin CNN
It's dark, I know, but then again
It's the brightest thing I've got When I'm covered in rain, rain
When I'm covered in rain, rain, rain, rain From fireworks to fireplaces
Summer stole what fall replaces
And now, and now we're people watching
All the people, people watching us right back now Standing by the missing signs
At the CVS, by the checkout line
She puts her quiet hands in mine
'Cause she's the brightest thing I got When I'm covered in rain, rain
When I'm covered in rain, rain, rain, rain
Oh, I'm covered in rain, oh, I'm covered rain
Oh, I'm covered in rain, oh, now now, oh now now no And come December Lydia left
She mentioned something 'bout it being for the best
And I can't say I disagree and it's killing me And now I'm standing facing west
Tracing my fingers 'round her silhouette
I haven't gotten used to you
But it's the best thing I got When I'm covered all in rain, in rain
Yeah rain, yeah, yeah rain
