

Rock and Roll (Was Made for You)

Blitzen Trapper

Rock and roll was made for you,
For breakin' hearts the way you do.
Rock and roll won't ease your mind,
But you'll find it is your soul,
When you're feelin' that rock n' roll! I seen you dancin' with your pretty friends,
Your boyfriend's fallin' all down again.
I ain't so stupid, I could see your eyes,
As they glide across the room.
Yeah, you'll be rockin' real hard real soon! (chorus)
Yeah I been playin' this music, man, for so, so long,
It's like track-marks burning up an' down my arm.
But I still can't get myself to move out to the farm,
'cause the things you love, they can do the most harm. Rock and roll gonna make you shout;
It's for shooting down planes, yeah, for blackin' out.
If the world's on fire, it's the spark in the dark
That'll burn it to the ground.
It's gonna spin your head round and round.
Aw, it's the hardest kinda love I've found. (chorus) Rock and roll was made for you,
For breakin' hearts the way you do.
Rock and roll won't ease your mind,
But you'll find it is your soul,
When you're feelin' that rock n' roll!
Yeah, you're just feelin' that rock n' roll! Ooh ooh ooh (repeat) (solo)
