

Handshake Drugs

[Wilco](#)

Advisory - the following lyrics contain explicit language:

I was chewin' gum for something to do
The blinds were being pulled down on the dew
Inside out of love, what a laugh
I was looking for you Saxophones started blowing me down
I was buried in sound, taxicabs were driving me around
To the handshake drugs I bought downtown
To the handshake drugs I bought downtown They were translating poorly, I felt like a clown
I looked like someone I used to know, I felt alright
Even if I ever was myself, I wasn't that night But it's okay for you to say what you want from me
I believe that's the only way for me to be
Exactly what you want me to be Oh, it's okay for you to say what you want from me
I believe that's the only way for me to be
Exactly what you want me to be Oh, I was chewin' gum for something to do
The blinds were being pulled down on the dew
Inside out of love, what a laugh
I was looking for you The saxophones started blowin' me down
I was buried in sound, the taxicabs were driving me around
To the handshake drugs I bought downtown
To the handshake drugs I bought downtown But it's okay for you to say what you want from me
I believe that's the only way for me to be
Exactly what you want me to be
Exactly what you want me to be
