Reflections (feat. Lippi)

Ian Ewing

girl

okay, itâ€™s so late
but iâ€™m feeling like i really need to tell you this,
so just wait,
so we can sit down, in a room
yeah i can say it quick
cuz you donâ€™t know where iâ€™ve
been hiding for awhile now
but itâ€™s okay
cuz iâ€™ll tell you
so maybe
you can smile now

everyday iâ€™m thinking bout the things that we used to do
iâ€™m holding onto feelings cuz iâ€™m feeling like iâ€™m still with you
with you
no matter what you say
you can never change my mind
my mind
cuz iâ€™ve been thinking the same
everyday for a long time

these reflections
these reflections got me feeling kinda (x2)

everyday iâ€™m thinking bout the things that we used to do
iâ€™m holding onto feelings cuz iâ€™m feeling like iâ€™m still with you
with you
no matter what you say
you can never change my mind
change my mind
cuz iâ€™ve been thinking the same
everyday for a long time
for a long time

so the moral of the story is
if you got something that feels so good, so good, so deep
never let it go

hold on to that shiâ€”

i shouldnâ€™t have let go (x3)
