Close Your Eyes

Lily Allen

Hey
HeyBaby, baby
I have to say
That there's something you should know
When I'm standing out
In my underwear
I know that I've let myself go
But I still feel sexy
When you undress me
And whisper in my ear
Come over here
Come over hereLet's spice it up
You can dress me up
I'll be anyone you like
Got my leathers on
Yeah let's get it on
Come on ride me like a bike
I'll be BeyoncÃ©
Baby say my name
Tonight yeah I'm a hova
Baby come over
Baby come overClose your eyes
Baby take off your shirt
I'm going to just hit the lights
Come on let me get to work
I'm going to hypnotise you
Then I'm going to yank your chain
And we can do it again
All over againDriving your sedan
Up to my minivan
I see you in my mirror
Ain't no other chick
Going to cut my shit
You know I'd have to kill her
You know how to use it
I'm about to lose it
You blow my fucking mind
Park it right up behind
Park it right up behindClose your eyes

Baby take off your shirt
I'm going to just hit the lights
Come on let me get to work
I'm going to hypnotise you
Then I'm going to yank your chain
And we can do it again
All over againWhere did you learn to do the things you do?
You're everything
You're all my dreams come true
You know your way around like no one else
You're right there
Like you care
You're so close
I'm nearly there
Oh yeah!Come on now baby, yeah
Come on now baby, yeah
Come on now baby, yeah
Come on baby, right there, come on baby now yeah, come on now baby oh yeah
Come on baby, right there, come on baby right thereClose your eyes
Baby take off your shirt
I'm going to just hit the lights
Come on let me get to work
I'm going to hypnotise you
Then I'm going to yank your chain
And we can do it again
All over againClose your eyes
Baby take off your shirt
I'm going to just hit the lights
Come on let me get to work
I'm going to hypnotise you
Then I'm going to yank your chain
And we can do it again
All over again
