

# Airstream

## The Vandals

driving in our airstream - we're a band on the road - with equipment, roadies, a manager - we've got a heavy load - airstream! airstream! airstream! - get out of my lane! - airstream! airstream! airstream! - on our way to your town - cause you've never seen us play - with our airstream's aerodynamic design - we should be there any day - airstream! airstream! airstream! - get out of my lane! - airstream! airstream! airstream! - airstream is so shiny - and it's made out of aluminum - you can't tell if it's a '64 - or an '81 - I know that it's American made - So my chest just swells with pride - Then I grab that stainless steel handle - And I pull myself inside - double insulation - diamond tuck n roll - toilet, shower, refrigerator - we're completely self contained - airstream! airstream! airstream! - get out of my lane! - airstream! airstream! airstream! - airstream is so beautiful - we can hardly keep the foxes out - when we round that final corner - we can hear them shout -  
airstream!
