King Cloud

Dalis Car

Imagine for a moment
A world, that's inside out
Where every tiny whisper
Is a very big shoutThe whole damn thing is out-side in
And death is how we shall begin
Imagine for a moment
A worlds, that's inside out
Where every tiny whisper
Is a bloody great big shout
Where every tiny whisper
Is a great big shoutThe whole damn thing is outside in
And death is how we shall begin
The whole damn thing is outside in
And this is how we shall begin
The whole damn thing is inside out (King cloud)
And death is how we all begin (King cloud)
Where every great disaster (King cloud)
Is a message of good news (King cloud)
Where people sleep to come awake (King cloud)
And people wake to serve (King cloud)
A world that's really outside in (King cloud)
A world so big, it's on its pin (King cloud)
Where angels dance the night away (King cloud)
And on a beneath the world doth play (King cloud)
King cloud
(King cloud) The whole damn thing is outside in
And death
Is how we all
