Follow Love Down

Chynna Phillips

Oh, I can feel you inside me now
Taking over love
Taking over me
Oh, and I need you beside me now
Do you really want me?
Do you really want me?
Was I supposed to be afraid of you?
I never knew
I never knew I was
So tell me: are we gonna jump the gun?
I'm ready now, so take my hand and we can
[Chorus]
Follow love down
To a place that we could
Never go alone
And let me tell you if you
Follow love down
It'll take so much higher than we could know
Oh, I can feel you inside me now
Taking over love
Taking over me
Oh, and I need you beside me now
Do you really want me?
Do you really want me?
I just want to be alone with you
I never knew
I never knew I would
And now you got your hands all over me
I'm ready now
Let's close our eyes so we can...
[Chorus x 3]
