

# Kiss Me I'm #!@'faced

## Dropkick Murphys

I play in a band  
We're the best in the land  
We're big in both Chelsey & France.  
I play one mean guitar & then score at the bar  
There's a line o'chicks waitin' for their chance.  
So c'mon now honey  
I'll make you feel pretty  
These other girls mean nothin' to me  
Let's finish these drinks & be gone for the night 'cuz I'm more than a handful you'll see. So kiss me, I'm  
shitfaced, I'm soaked, I'm soiled & brown.  
In the trousers, she kissed me, & I only bought her one round. I can bench-press a car  
I'm an ex-football star  
With degrees from both Harvard & Yale.  
Girls just can't keep up, I'm a real love machine.  
I've had far better sex while in jail. I designed the Sears Tower  
I make 2 grand an hour  
I cook the world's best duck flamber  
I take the pick of the litter  
Girls jockey for me  
I don't need these lines to get layed. So kiss me, I'm shitfaced, I'm soaked, I'm soiled & brown.  
In the trousers, she kissed me, & I only bought her one round. I'm a man of the night  
A real lady's delight.  
See my figure was chizzled from stone.  
One more for the gal then I'll escort her home  
Come last call I'm never alone.  
I've a house on the hill with a red water bed  
that puts Hugh Hefner's mansion to shame.  
With girls by the pool & Italian sports cars  
I'm just here in this dump for the game. So kiss me, I'm shitfaced, I'm soaked, I'm soiled & brown.  
In the trousers, she kissed me, & I only bought her one round. Eh, fuck it.  
Who am I shitin'? I'm a pitiful sight  
And I ain't all that bright.  
I'm definitely not chizzled from stone.  
I'm a cheat & a liar,  
No woman's desire, I'll probably die cold & alone. But just give me a chance  
'Cuz deep down inside  
I swear I got a big heart of gold.  
I'm a monogamous man no more one night stands  
Come on honey, lemme' take you home. So kiss me, I'm shitfaced, I'm soaked, I'm soiled & brown.

In the trousers, she kissed me, & I only bought her one round. So kiss me, I'm shitfaced, I'm soaked, I'm soiled  
& brown.

In the trousers (it was tiny!) and I only bought her one round. So kiss me, I'm shitfaced, I'm soaked, I'm soiled  
& brown.

In the trousers, she kissed me, & I only bought her one round.
