

# Spook

## Galaxie 500

When you went blind  
And I nearly lost my mind  
It didn't last  
Cause you have another eyelid And when you smile  
Then you give yourself away  
It's all too much  
And you have another eyelid But when you cry  
Then I know we are in trouble  
It's all too much  
And you have another eyelid
