

Let It Burn

The Family Ruin

Let it burn

Let it burn

Let it burn

So you like to bask in your darkness

I'll make you live without sun

Let it burn

Hold a match to the hearthless

Burn Burn Burn

Let it burn

Let it burn Take the blindfold off your eyes and wake up

Your missing out because you're too stuck up and too stuck in your ways

You know it's not my intention

And I don't have to live you're way

I hear the sound of you choking (choking)

On your own self-righteous words

It's the greatest thing, the greatest thing I've heard

And I hear the sound of you choking (choking)

On your own self-righteous words

It's the greatest thing, the greatest thing I've heard Yeah I would bite my tongue, but your not worth the pain

So here it is, you're full of shit

And you're all just the same

Don't you dare tell me again to wake the fuck up

I'm more awake then I have ever been

Bleed you're friends dry

Just so you survive

Bleed you're friends dry

I hear the sound of you choking (choking)

On your own self-righteous words

It's the greatest thing, the greatest thing I've heard

And I hear the sound of you choking (choking)

On your own self-righteous words

It's the greatest thing, the greatest thing I've heard There's a bitterness surrounding your shame

I can taste it on my lips when I speak your name

There's a bitterness surrounding your shame

I can taste it on my lips when I speak your name So you like to bask in your darkness

I'll make you live without sun

Hold a match to the hearthless

Let it burn

Burn I hear the sound of you choking (choking)

On your own self-righteous words
It's the greatest thing, the greatest thing I've heard
And I hear the sound of you choking (choking)
On your own self-righteous words
It's the greatest thing, the greatest thing I've heard
And I hear the sound of you choking
I hear the sound of you choking
