No Fun

New Swears

strangle me to hell
lying face down on the hot concrete
wondering how long its going to take
to make a man out of me
i lost my love
i lost my mind
23 just wasn't meant to be
running out of nice things to say
i'd rather be fuck than be myself

say what you gotta say
spit it out, put me in my place
throw myself into the ground
take me to the country and put me down
won't never let it go come to the end of the night
tomorrows a drag forget about day light
do what i can
to forget who i am
i'd rather be fuck than be myself

talkin to me
like you're my best friend
it makes sensewhen i pretend
saw you on the street just the other day
acting like you didn't recognize my face
regretting the words as they come out my mouth
people saing that i'm never going to figure it out
when sun goes down, i'm somebody else
i'd rather be fuck than be myself

i'd rather be fuck than be myself
