Nobody Knows

Christian Kalambaie

Nobody knows
Nobodyâ€™s Knows
Enoch walked with God for many days - As he build that great pyramid
He held in heart the very secret of the missing capstone none saw
Then he walked away - not to return into that dimension
Privileged status he had - who but To him could God reveal all
Nobody knew
Nobody could tell the day
But the Father - the capstone of love
Him and the capstone became one
So how could he not know the day he would go
I m thankful to know that I the Bride - Will escape tribulation ahead
I m holding inside - this mighty promise - He will take me away
No surprise for me - I intend to know the day and hour of my departure
Privileged status I Hold - who but to me can Christ reveal all

Nobody knows
Nobody can tell the day
But The Father - The father alone
Now me and the Father- arenâ€™t we one
so How can I not know the day I go
