Close My Eyes

Ride

Last night I had such a good time
But there's a price to pay
A night full of kicks, now the sun's in my eyes
And I feel so weary today
I want to close my eyes
I want to close my eyes
I want to ride and ride and ride
'Til I'm blown away
Make your body a blanket
Let me rest my head
The world can wait for just a few minutes more
They might as well be dead
I want to close my eyes
I want to close my eyes
I want to ride and ride and ride
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
'Til I'm blown away
I want to close my eyes
I want to close my eyes
I want to close my eyes
