Hit N' Run

Lita Ford

You're like a runaway train
As you go speeding down lovers' lane
You're heart's so blind
When you get behind the wheel
That you can't see the love I feelYou say you're such a sensitive guy
Well, you're the one who's gonna cryHit 'n run on your love
Everyone knows it's true
Hit 'n run on your love
That's all I wanna do
Hit your love and runaway
Yeah, runawayYou've been out on the street
You're making promises that you don't keep
Well, it don't matter if you make me cry
You're just a casualty of love gone byI don't care if the street light is red
I'll just drive on straight aheadHit 'n run on your love
Everyone knows it's true
Hit 'n run on your love
That's all I wanna doHit 'n run on your love
Everyone knows it's true
Hit your love and runaway
Yeah, runawayHit 'n run, hit 'n run
Hit 'n run, hit 'n run
Hit 'n run, hit 'n run
Hit 'n run, hit 'n run
