Hey Operator

Mirko Hirsch

Hey operator, hold the line.
I'm calling to be near you.

Please, operator, spend some time
Cause I can't wait to hear you.

I spent all my cash
Just to talk to you,
But it's hard to get you
On the phone.

Feels like stall and crash
Die to walk with you
Cause at home,
On my own,
Living alone.

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!

Hey operator, I'm in love,
You got my fires burning.
Please operator, it's so tough!
Can't stop this dial from turning!

I spent all my cash
Just to talk to you,
But it's hard to get you

On the phone.

Feels like stall and crash
Die to walk with you
Cause at home,
On my own,
Living alone.

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!

It's her voice in my head
That's so hard to forget
I say hey-oh, hey operator.
Just a voice in my head
That is driving me mad
I say hey-oh, hey operator!
