Thinkin' About You

Changing Faces

I'm your girl, you're my man
And we stand hand and hand
When we're together
You know it
But when we are apart
It just breaks my poor heart
I need you forever
By my sideBaby I want you
And you want me
Can't stand the fact
That we can't be
Together constantly
I wanna be in your arms
Makin' love all night long
Ooh baby, ooh yeah
You got me thinkin' of youThinkin' about you on those lonely nights
The sun doesn't shine on those sunny days
Without you right here, baby by my side
The stars don't twinkle and shine bright at nightThere's no doubt, in my mind
If we both had the time
We'd spend it together
You know it
You and me, me and you
You know just what we'd do
All night
Over and over againBaby I want you
And you want me
Can't stand the fact
That we can't be
Together constantly
I wanna be in your arms
Makin' love all night long
Ooh baby, ooh yeah
You got me thinkin' of youThinkin' about you on those lonely nights
The sun doesn't shine on those sunny days
Without you right here, baby by my side
The stars don't twinkle and shine bright at nightYou got me thinkin' about you
Mmmmm
Ah yeah

Every second
Oh
Uh
Uh huhYou got me thinkin' about youThinkin' about you on those lonely nights
The sun doesn't shine on those sunny days
Without you right here, baby by my side
The stars don't twinkle and shine bright at nightThinkin' about you on those lonely nights
The sun doesn't shine on those sunny days
Without you right here, baby by my side
The stars don't twinkle and shine bright at nightLet me you now
I'm thinkin' bout you cause you know you're my boo
Thinkin' about you
Bet you're thinkin' bout me cause I am your baby
Thinkin' about you
I'm thinkin' bout you cause you know you're my boo
Thinkin' about you
Bet you're thinkin' bout me cause I am your baby
Thinkin' about you
I'm thinkin' bout you cause you know you're my boo
Thinkin' about you
Bet you're thinkin' bout me cause I am your baby
Thinkin' about you
I'm thinkin' bout you cause you know you're my boo
Thinkin' about you
Bet you're thinkin' bout me cause I am your baby
Thinkin' about you
So come on home baby, come on home baby
Thinkin' about you
Come on home baby, come on home baby
Thinkin' about you
Come on home baby, come on home baby
Thinkin' about you
Come on home baby, come on home baby
Thinkin' about you
