

Why

Deemah

i wish that i could walk away
but i need you more and more each day
remember when i made you smile
i'm yearning for to see it one more time
i'm falling without it cos my life's about to change
i'm calling your name but you don't hear me say
baby i think about it night and day
how could we just let it slip away and i ask myself why, why, why, why
we've come so far to leave it all behind
wish i could turn back time, time, time, time
you don't miss the water til it dries
and i ask myself why, oh why every time she leaves, she takes a part of me
i wanna tell her that i need her more than anything
don't wanna go to clubs, i don't feel like dressing up
i just wanna be with her every single minute of
my life breaks down every time you close the door
i notice you don't look my way no more and i wonder why, why, oh why, why
we've come so far to leave it all behind
wish i could turn back time, time, time, time
you don't miss the water til it dries it feels like only yesterday
when you and i met on a cloudy summer day,
i'm reminiscing
it breaks my heart to see your face
knowing we will never ever be the same i'm asking you why, why, why, oh why
i wish that you would give us one last try
i'm asking you why, why, why, oh why
i wish that you would give us one last try cos i don't wanna lose her
i don't wanna lose her oh why, why, why, why
we've come so far to leave it all behind
wish i could turn back time, oh time
you don't miss the water til it dries
i ask myself why, oh why, why, oh why
