Don't Change on Me

Ray Charles

Girl, you're my sunshine
Take away the raindrops
Make it all worthwhile
Make all the pain stopJust like a river
Keep love flowing
Don't let our world stop
Keep it going, oh LordWell, I love you just the way you are
Honey, don't change on me, yeah
Don't you change on me
I said, don't you change on me, no, noGirl, you're my lucky star
Honey, don't change on me, yeah
Oh please, don't change on me
I keep begging, don't change on me, yeahI used to wonder
Where would I find
Some kind of happiness
And peace of mindI was living in darkness
But then you came
Bringing the sunlight
Easing my pain, GodOh, I love you just the way you are
Now don't change on me, yeah
Oh please, don't change on me
Oh girl, don't you change on meOh girl, you're my lucky star
Don't change on me, oh yeah
Don't change on me
Don't change on meIf there's a heaven
Then this is my prayer
I wanna know you
If we should meet thereAnd then forever
We'll walk together
Nothing but sunshine
No more stormy weatherWell, I love you just the way you are
Honey, don't change on me
'Cause I love you, don't change on me
Oh baby, don't you change on meGirl, you're my lucky star
Honey, don't change on me, yeah
Oh please, don't change on me
Oh baby, don't change on meListen to this, I love you just the way you are
Honey, don't change on me, yeah
Did you hear me, girl, don't change on me

Girl, don't you change on meGirl, you're my lucky star
Honey, don't change on me
Oh baby, don't change on me
Yeah love, don't change on meDo it, do it, do it, I love you just the way you are
Don't change on me, yeah
Oh baby, don't change on me
I said, don't you change, change, changeGirl, you're my lucky star
Honey, don't change on me, yeah
Oh please, don't change on me, oh oh
