[E.M.B-Verse 1:]

Iâ€™m from the school of the hard knocks

Niggas get profiled, stopped by the cops

and hide that shit in false roof tops

hate being bad but its hard to be angel

in my muthafucking hood it aint cool to be gangster.

Every fiendâ€™s got a shopping cart

Niggas gotta eat and the youthâ€™s robbing Wal-Mart

Devilâ€™s on swole and heâ€™s looking for a young nigga

Pockets aint swole so he got himself a dumb nigga

Fabrications of the flesh

When you hungry then you starving, putting toolies to the chest

When the judge throw the book, give a fuck bout repercussions

When the boy was on the street, nobody showed that they loved him

Product of the circumstance and we all hell bound

Mama praying for me, walk around with a half of Crown

El donâ€™t play

And I represent the Bay

Oakland been on the map, move them suckers out the way.

[E.M.B.-Chorus:]

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Aint gotta prove yourself, cause them people know who you are

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Oakland to Dayton, my niggas go hella hard

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Aint gotta prove yourself, cause them people know who you are

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Oakland to Dayton, my niggas go hella hard

[Aryginal-Vers 2:]

That house there, that's where they bake, bake, bake  
niggas cutting that white girl in white tees the black KKK  
that's how we make our pay

To feed our fam, keep a roof overhead, buy extra lead, and everyday we pray  
Cause over here you go to jail for free  
but you gotta invest over 500 Gâ€™s to get a damn degree  
see poverty has overwhelmed our streets  
but they still shipping the food, housing, and jobs overseas.

The game tough, better know how to play it

The wrong move will have a nucca wetting your whole body up like a shower head  
I donâ€™t dwell where cowards live

But I keep an eye on them like Apple, while Iâ€™m copping a Snapple up here from Vladimir.  
His corner store be jumping  
\$3 CDâ€™s, \$5 tees, and the most potent trees in the country  
The parking lot slumpingâ€™ Hella Hard  
But you better believe them jack boys watching. Camouflage.

[E.M.B.-Chorus:]

Iâ€™m from the city of the Hella Hard  
Niggas go hella hard. Aint gotta prove yourself, cause them people know who you are  
Iâ€™m from the city of the Hella Hard  
Niggas go hella hard. Oakland to Dayton, my niggas go hella hard  
Iâ€™m from the city of the Hella Hard  
Niggas go hella hard. Aint gotta prove yourself, cause them people know who you are  
Iâ€™m from the city of the Hella Hard  
Niggas go hella hard. Oakland to Dayton, my niggas go hella hard

[Marcus Minelli-Verse 3:]

All my niggas goin harder than a brick  
I come from a city where they start a lot shit  
Posted on the corner hungry tryna hit a lick  
We ain't marrying no hoes don't give a fuck about no bitch  
The police always on my dick they steady tryna get me locked up  
Mad at a nigga and they hatin on me cause they know I'm headed to the top bruh  
I'm puttin on for my city... My niggas is rollin with me  
All about the money every day you know I'm countin 100s and 50s  
All my niggas hustle they don't know shit about a 9 to 5  
And you can't be no scary ass nigga sayin you down to ride  
I'm that nigga in the city you haters already heard  
Catch me in traffic ridin up Germantown or Gettysburg  
Lookin to make that next move search around for that check fool  
So what the fuck you expect I'm tryna get paid just like the next dude  
The only way to get rich nowadays is sellin hard

937 is my area code come and see me I'm from the city

[E.M.B.-Chorus:]

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Aint gotta prove yourself, cause them people know who you are

Iâ€™m from the city of the Hella Hard

Niggas go hella hard. Oakland to Dayton, my niggas go hella hard
