

I Wanna Get Lost with You

Stereophonics

Do you remember the light in the flame
It was the birthday party of someone
Then you told me your name
Said you were one in a million I wanna get lost with you
It's the only thing I wanna do
Get out of my mind with you
So come on over I walked you home in the rain
Speaking the same language
You were running around in my brain
Then you sent me a message
It said I wanna get lost with you
It's the only thing I wanna do
Get out of my mind with you
So come on over I wanna get lost with you
It's the only thing I wanna do
Get out of my mind with you
So come on over I know we did some wrong
You told me that now
When I came to you
That you were with someone
If God messed up
With so much stuff
Like lifting a loaded gun
But now I'm out of my mind with you
We got that day in the sun I wanna get lost with you
It's the only thing I wanna do
Get out of my mind with you
So come on over I wanna get lost with you
It's the only thing I wanna do
Get out of my mind with you
So come on over
So come on over
So come on over
Come on over
I wanna get lost with you
I wanna get lost with you
I wanna get lost with you
So come on over
